## PROPEL & The Healthy Living Kitchen Initiative

At PROPEL, we empower middle and high school youth in South Palm Beach County to reach their full potential. Through after-school programs, summer camps, job placement, scholarships and alumni support, we help students thrive academically, socially and emotionally.

### Fueling Minds, Building Community, and Serving Up Futures

The Healthy Living Kitchen Initiative is where students gather to cook, connect, and create. With every meal prepared, relationships are strengthened, entrepreneurial ideas are sparked, and skills for real-world success are developed. Your support helps us nourish bodies, inspire creativity, and empower the next generation of leaders.

This year, funds from the Golf Classic will support our Healthy Living Kitchen Initiative - a program that's transforming the way our PROPELIANS learn, connect and grow.

- **Healthy Meals, Healthy Futures:** Students learn to plan, prepare, and enjoy home-cooked meals, gaining essential nutrition skills that set the foundation for lifelong healthy choices.
- **Building Community:** Around every table, relationships are formed. Students, staff, and community members come together, sharing meals and conversations that strengthen bonds and inspire collaboration.
- **Entrepreneurial Skills:** The kitchen isn't just for cooking—it's a launchpad for creativity and business. Students explore culinary entrepreneurship, from small ventures like baked goods to larger hospitality ideas, gaining real-world experience in budgeting, planning, and marketing.
- **Career Training & Media Experience:** Students receive hands-on training in culinary arts, hospitality and media/social media content creation, skills that prepare them for jobs today and opportunities tomorrow.

The Healthy Living Kitchen Initiative is more than a space - it's a community hub where food, education and creativity meet. Your support helps us nourish bodies, spark ideas and serve up futures for our students.
